Dear Mr. Cooper:

Re: Annual Report for ML 43106 Project, S/003/012, Box Elder County, Utah

In January, 1992, the Division of Oil, Gas and Mining (Division) sent the 1991 annual report form for the ML 43106 Project to Idaho Quartzite Corporation in care of Mr. Don Seehusen. In February, a reply letter was received by the Division from Mr. Kenneth M. Hollenbaugh stating that Mr. Seehusen was no longer associated with Idaho Quartzite Corporation and that Idaho Quartzite Corporation no longer held a sublease ML 43106 from you.

We contacted Jerry Mansfield of State Lands and Forestry and found that you are still the designated lessee of this project. Enclosed is another annual report form which needs to be filed for the ML 43106 Project. This report is required by Rule R647-3 of the Utah Mined Land Reclamation Act.

Please complete the report as to the status of this project, stating whether it has been leased, if it is being operated by another party, if it has been inactive this past year, or if it has been reclaimed. If the property has been leased to another party then they would need to complete the report. Your prompt attention to this matter is appreciated. Please return the report to this office by March 25, 1992.

Sincerely,

D. Wayne Hedberg
